

DECLARATION OF RESULTS:

After the completion of exam on each day, answer booklets are collected from the internal examination committee. By assigning code to each answer booklet, the bundles were send to appropriate autonomous college for evaluation. After receiving of evaluated answer booklets,marks obtained by students in both internal assessment and exams are tabulated.Any discrepancies or errors are corrected during this stage. Once the marks are finalized, result sheets are prepared. These sheets typically include details such as student names, roll numbers, subjects, marks obtained, grades, etc. The prepared result sheets are then reviewed and approved by the relevant authorities, such as the examination committee or the academic council. After approval, the results are published through the college's official website or notice boards. A period may be provided for students to raise any grievances or discrepancies regarding their results. This allows students to report any errors or seek clarification. Students can obtain official transcripts and certificates reflecting their results, which are usually issued by the college's administration or examination department.
